**\$685 DIVER / \$485 NON-DIVER**

Join "The" Dive Shop for 5 days in the Bahamas over Memorial Day weekend. New Providence island (Nassau) is the perfect spot for a long weekend away. Its easy diving in clear 80 degree water also makes the Bahamas an ideal destination for beginner divers or those looking to do their certification dives or Advanced Open Water!

Stuart Cove's Dive Bahamas is the largest full service dive operator on the island of New Providence. The morning 3-tank dives cater to divers who want to explore the walls, reefs and wrecks. Each dive site along the wall is different and unique in its own way. The wall is wonderful for both new and advanced divers. There are a number beautiful reefs each with different coral formations and fish life. You may explore a 100 foot freighter; or the famous James Bond wreck or you may dive on the Cessna used in the filming of JAWS.

Orange Hill Beach Inn is set on a hilltop overlooking the ocean and is only 50 steps from a sandy beach and the crystal clear water of the Bahamas. The beach is protected by a reef about 150 yards off-shore and is comfortable for swimming, snorkeling and relaxing. The Orange Hill amenities include a restaurant, bar, pool & wireless internet access.
